It's not the will to win that matters - everyone has that. It's the will to prepare to win that matters.

MESSAGE

“Don't judge each day by the harvest you reap, but by the seeds you plant.”

- Robert Louis Stevenson

It gives me immense pleasure to share the sporting infrastructure and facilities which are available at Delhi Public School Bangalore East. We believe playing sports builds personality and teaches students to live life in a disciplined manner. Sports inculcate a positive outlook towards life and help to deal with obstacles in their life. It develops the right attribute of fairness, respect for one's opponent, and graciousness in winning or losing. It is a powerful tool that breaks down all the barriers and helps us feel good about ourselves.

We, in our school aim to develop teamwork and social interaction among our students through sports. They view competitions on and off the field as opportunities to learn from their success and failure. In addition, it helps in reducing stress and in building self-esteem.

Students at DPS Bangalore East are nurtured into dynamic and impactful global citizens, equipped to play a leading role in whichever walk of life they choose. Along with academic accomplishments, sporting excellence is also encouraged to make an indelible imprint on the national and global orbit profoundly.

I sincerely hope that each and every student should benefit from all initiatives catering to sports and physical activities.

Warm regards

TEACHER'S ACHIEVEMENT HOCKEY

This year Hockey season started with teachers securing Second Place in DS Murthy tournament. We earned the Runner's Up position .It was an intense match with Young stars Hockey Club Raichur(1-2) .

ALL SMILES: Delhi Public School (East) club have made a mark in just two years since their foray in Bengaluru

DPS boost for club hockey in city

TIMES NEWS NETWORK

Bengaluru: Shahanal Shafas, a 23-year-old from Kozhikode, was always passionate about hockey but didn't have the means or opportunity to pursue his dream. This was until Delhi Public School (East) decided to register themselves as a club with Bengaluru Hockey Association.

MAKING IT COUNT

The son of a cab driver, Shafas is among the many from less fortunate backgrounds who play league hockey regularly. The only team to be backed by a school in the city, DPS (East) made their debut last year and have finished on the podium in two

editions of the DS Murthy memorial hockey tournament. In this year's edition, which concluded last week, they lost 2-1 to Young Star Hockey Club, Raichur.

MANSOOR'S BRAINCHILD

The club, a brainchild of the institution's chairman Mansoor Ali Khan, comprises players from the school and those identified through a talent hunt programme conducted by the sports faculty.

"Hockey is our national sport, yet it does not have a very good presence at the school level in Bengaluru. Also, after playing at the school level, what next for the players? With the vision of promoting the sport, we decided to form

the club and offer a platform to our talented players and those who do not have opportunities to showcase their skill," pointed out Mansoor.

The club comprises around 20 players in the age group of 16-23, who have been scouted by Ijaz Ahmed, Paul Jabbaraj and the school's director of sports S Ganesan. The outstation players stay near the school and train there five days a week when they are on an academic or a tournament break. They also earn a stipend to ensure that their families are not burdened financially.

"Hockey is not a priority sport in Kerala and is not as popular as football, so there aren't many clubs, academies

or tournaments. The DPS East Club has given wings to our dreams," said Shafas.

Echoing Shafas' sentiments, Muhammed Siyas, son of a farmer from Malappuram, said, "I'm grateful to the opportunity we have got, and I want to make the most of it. My dream is to make it to the national camp."

With hockey competitions at the school level dwindling, Mansoor is willing to help. "The city has a rich schools' sports culture, but there has been a sharp decline in the number of tournaments. If the association is willing, I will be more than happy to sponsor an inter-school hockey tournament," he revealed.
