Message by The Director of Sports

"Keep your dreams alive. Understand to achieve anything requires faith and belief in yourself, vision, hard work, determination, and dedication. Remember all things are possible for those who believe."

In today's world, sports play a very crucial role in the holistic development of every child. It helps to build character, discipline and make them confident individuals. Sports are about those incredible moments where sheer human will and desire overcome the odds, and hard work gives way to success.

It is a moment of pride and honour for Delhi Public School Bangalore East to host The DPS National Swimming Meet Girls (Open)-2023 on 18th and 19th August 2023. Such competitions not only enhance their capabilities, but also instil a good sense of sportsmanship. These opportunities also help to create a bond between contemporaries that last a lifetime.

Swimming is often called the perfect exercise, a social sport, and is meant for all ages. It offers health benefits for a lifetime, and is well worth the effort it takes to get into the pool. Regular swimming builds endurance, muscle strength and cardio-vascular fitness. This particular competition will witness the participants displaying their skills and talents in all the four strokes, freestyle, backstroke, breaststroke and butterfly stroke.

We are proud to be a part of this venture commemorating camaraderie and sportsmanship. On this platform of fortitude and uprightness, dexterity and finesse of the participants would be manifested. In the fair and competitive ambience, the spirit of sport will definitely uphold its glory.

Heartfelt best wishes to all the participants!
